Insecticides; microcoulometric gas chroma-
tography method for, after liquid-liquid
extraction, 1093

Instruments; *see* Equipment

Intakes; dispersal of ice accumulations at, in
Trenton, N.J., 260

Interest; *see* Bonds; Financing

Ion exchange; history of, in United States,
821

radioactivity removal by, 1250

softening by; future developments in, 828

types of units for, 744

use of, in water treatment, 742

Iran; aerial photograph of ghanat in, *Sep-
tember cover*

water supply development in, 1133

statistics on, 1136

Iron; removal of; potassium permanganate
method for, 729, 737

review of methods for, 736, 746

split-flow treatment method for, 721

J

Joints; pipe; microbiologic degradation of rubber gaskets in, 1523

K

Kalamazoo, Mich.; recharge operations at, 708
Kankakee, Ill.; domestic consumption in, related to assessed valuation, 441
Kansas; *see* Wichita
Kansas City, Mo.; photograph of Liberty Memorial in, *April cover*
Kashmir, India; investigation of goiter in, 887

L

Labor; *see* Personnel
Laboratory methods and equipment; *see also* *Standard Methods*
acetic acid determination, 639
ammonia determination, 657
carboxylic acid characterization, 797
costs of membrane filter and most-probable-number procedures in Illinois Public Health Laboratories, 560
DeVries method for avoidance of complete volatilization of nitrogen trichloride, 660
evaluation of two types of liquid-liquid transfer loops, 200
measurement of particulate matter in filter effluent, 487
nitrate nitrogen determination, 624
photograph of bacteria injection into culture medium, *May cover*
polyacrylamide determination; distillation-nesslerization, 209
nephelometry, 211
silver determination, 205
zinc determination, 631
Lansing, Mich.; safety program of, 1439
Latin America; training program for engineers in, 865
typhoid fever mortality rates in, 831
Lead; significance of traces of, in water supplies, 622
Legislation and regulation; *see also* Litigation; Water rights
evaluation of, for control of synthetic detergents, 1229
federal, for pollution control in United States, 1110

Legislation and regulation (*contd.*); main extension, 14
water resources control, in Great Britain, 971
water supply; trends in, 544
Water Supply Act of 1958; provisions of (as amended), in regard to multipurpose reservoirs, 263
Levees; agricultural; in Missouri Basin, 1101
Liability; *see* Litigation; Legislation and regulation
Lime-soda; *see* Sludge
Limnology; reservoir; air injection for control of, in San Diego County, Calif., 267
Litigation; *see also* Legislation and regulation; Water rights
water district annexations during 1962, 1147
water rights, 1141
between Arizona and California for Colorado River supply, 1141
on overdrafts of ground water in Central Basin, Los Angeles County, Calif., 1143
on point of discharge of sewage at Chicago, Ill., 1142
water utility liability; for damage caused by surface runoff, 1154
for injuries due to urban development, 1152
taxability of municipally owned appropriate water rights, 1148
for negligence, 1150
Long Beach, Calif.; safety program of water utility at, 1467
Long Island, N.Y.; recharge operations on, 700
Los Angeles, Calif.; alum treatment of open reservoirs in, 275
Los Angeles County, Calif.; litigation on overdrafts of ground water in Central Basin, 1143
recharge operations at, 700
water and power department safety program at, 1450

M

Machines; *see* Equipment
Magnesium; USPHS evaluation of methods for, 653

- Mains; *see also* Distribution systems; Pipelines
 distribution; construction methods for extensions of, in Pacific Northwest, 1503
 policies on extension of, in Pacific Northwest, 1499
 extensions; effect on rate making on method of financing, 326
 law and policies on, in suburban areas, 14
 transmission; costs of, related to design of distribution system storage, 1033
- Maintenance; meter, 1285, 1291
- Management; projections of accounting data in, 1277
 responsibility of, for meeting consumer demands; 406
 water utility; suggestions for improvements in, 666
- Managers; *see* Personnel relations
- Manganese; mechanism of solution of, in lake waters, 282
 removal; potassium permanganate method for, 729, 737
 review of methods for, 736, 746
 split-flow treatment for, 721
- Manganese greensand; iron and manganese removal with, 730, 744
 continuous regeneration of, in iron and manganese removal, 749
- Massachusetts; effect of water systems on typhoid death rates in towns of, 953
- Maumee River, Ohio; causes and control of tastes and odors in waters of, 710
- Membrane filters; *see* Filters (membrane)
- Meters; data on accuracy of, 1292
 data on, in US communities of 25,000 or more, 1488
 remote reading of, 1289
 testing and maintenance of, 1285
- Minerals; USPHS evaluation of methods for, 647
- Michigan; *see also* Detroit; Grand Rapids; Kalamaazoo; Lansing
 towns of Detroit metropolitan area; survey of industrial and residential demand in, 548
- Microbiota; *see* Aquatic organisms and growths
- Microelectrophoresis; use of, in stoichiometric study of coagulation of organic compounds with ferric sulfate, 1349
- Microorganisms; *see* Aquatic organisms and growths; Bacteria
- Milwaukee Water Works, Milwaukee, Wis.; design reliability, operation, and costs of telemetering system in, 1312
- Minnesota; *see* St. Paul
- Missouri; *see* St. Louis County Water Co.
- Missouri Basin; agricultural levee program for, 1101
 benefits achieved by development program in, 1099
 program for water resources development in, 1097
- Missouri River; control of tastes and odors in waters of, 1506
 extraction of organic compounds from water of, 783
 organic compounds in waters of, 1509
- Molybdenum; significance of traces of, in water supplies, 622
- Monroe County Water Authority, Rochester, N.Y.; cost and functions of telemetering system at, 1299, 1325
- Multistage centrifugal still; operating features of, 1129

N

- NBFU; *see* National Board of Fire Underwriters

- Oakland, Calif.; *see* East Bay Municipal Utility District
- Odors; *see* Tastes and Odors
- Ohio; *see also* Canton; Maumee River
Salmonella and *Shigella* organisms in untreated farm pond water in eight counties of, 592
- Ohio River; *see also* Ohio River Valley Sanitation Commission
municipal and industrial withdrawals from, 685
reuse of water from, 683
variations in sulfate concentrations in, 923
- Ohio River Valley Sanitation Commission; findings of, on ABS concentrations in Ohio River and tributaries, 377
report of, on components of synthetic detergents in water and sewage, 369
system of, to cope with sudden, massive, industrial discharges, 927
- Omaha, Neb.; control of Missouri River tastes and odors at, 1506
- Operators; treatment plant; model voluntary certification program for, 42
- Organic chemicals; *see* Organic compounds
- Organic compounds; color causing; chemical properties and structural characteristics of, 897
effectiveness of gaseous oxidants in removal of, 906
stoichiometry of coagulation of, with ferric sulfate, 1347
determination of, by flame ionization gas chromatography, 1367
fractions of, in soils, 756
isolation and measurement of, 783
oxidation of, with potassium permanganate, 1174
properties of, in surface waters, 753
significance of traces of, in water supplies, 828
threshold odors of, 913
types of, in Missouri River water, 1509
USPHS standard procedure for sampling, in water, 1037
- Organic refractories; *see* Organic compounds
- Organization; *see* Districts; Management; Suburban areas
- Orsanco; *see* Ohio River Valley Sanitation Commission
- Outside-city service; *see* Suburban areas

- Oxygen; dissolved; as index of pollution in the Seine, Rhine, and Potomac rivers, 918
continuous monitoring of, in reservoirs with galvanic-cell analyzer, 1217
Ozone; control of tastes and odors with, in the Maumee River, Ohio, 712

P

- Pacific Northwest (US); construction methods for distribution main extensions in, 1503
distribution main extension policies in, 1499
Pathogens; effectiveness of treatment in removal of, 849
Peoria, Ill.; recharge operations at, 708
Personnel; managerial; attitude of, toward research and development, 857
native; training of, to operate and manage water systems in underdeveloped countries, 839
noncontributory retirement plan for, 336
safety equipment for, 1423
survey of fringe benefits paid to, in water industry, 125
treatment plant; model voluntary certification program for, 42
Personnel relations; *see also* Safety; Safety programs; Training
absenteeism; causes and remedies of, 435
effect of, on work safety, 1464
turnover; causes and remedies of, 435
Pesticides; methods for removal of, 851
Phoenix, Ariz.; inauguration of safety program at, 1458
Phosphates; in synthetic detergents; biodegradability of, 392
determination of, in surface waters, 391
possible effects of, on coagulation and settling in treatment plants, 391
relation of, to algal growth, 393
Pipe; *see also* Pipelines; Steel pipe; Copper tubing
asbestos-cement; design criteria for, 92
use of, by water utilities in Pacific Northwest, 1502
cast iron; design criteria for, 82
use of, by water utilities in Pacific Northwest, 1502
concrete pressure; design criteria for, 97
flow formulas and friction factors in, 67
electrical method for thawing, 602
Pipe (*contd.*); photograph of machine for testing modulus of rupture of, *January cover*
steel; design criteria for, 101, 223
large diameter; field performance and design assumptions for, at St. Paul, Minn., 303
Pipe joints; microbiologic degradation of rubber gaskets in, 1523
Pipelines; *see also* Distribution systems
photograph of pipelaying in construction of, *March cover*
steel; layout of, 223
Pitting; *see* Corrosion control
Planning; water supply; San Francisco program for, 1103
water utility, for nuclear attack, 1237
Plankton; *see* Aquatic organisms and growths
Poisons; *see* Pollution
Polarography; determination of nitrate nitrogen by, 624
determination of zinc by, 632
Pollution; *see also* Radioactivity; Nuclear attack
bacterial; ample water supply as diluent of, 953
recent epidemics due to, in United States, 954
chemical-biologic-radiologic treatment for removal of, 1251
deoxygenation as index of, in the Seine, Rhine, and Potomac rivers, 918
detection of, with fish, 715
effects of new pollutants on control of, 1113
ground water; relation of ABS to, 394
inorganic; effect of fluctuations in, on treatment, 922
mine-and-oil-field contributed, in Rhine River, 919
Ohio River Valley Sanitation Commission system to cope with sudden, massive industrial discharges, 927
poisonous; telephone service for identification of, 936
protection of reservoirs against, by fuel oil at Wanaque, N.J., 257
radioactive; removal of, 1249
river; coliform bacteria and *Salmonella paratyphi* concentrations typical of, 919
relation of, to water supply in Europe and United States, 917

- Pollution (*contd.*); status of program for control of, in United States, 1110
- Polyacrylamides; nephelometric method for determination of traces of, 211
distillation-nesslerization method for, 209
- Polyelectrolytes; *see also* Coagulation
effect of, as a filtration aid, 597
function of, in coagulation, 848
- Potassium; USPHS evaluation of methods for, 647
- Potassium permanganate; control of tastes and odors with, 738
iron and manganese removal with, 729, 737
oxidation of organic contaminants in water supplies with, 1174
water treatment uses of, 735
- Potomac River; study of pollution in, 917
- Precipitation; distribution of, in United States, 1256
- Profit; importance of, to public utilities, 939
- Projects; *see* Development
- Public relations; aims and program of, for utilities, 942
importance and program of, for water utilities, 1493
role of, in improvement program, 425
techniques of, for dealing with customer complaints, 429
- Pumping; electric power costs of, related to demand surcharges, 1032
- Pumping stations; *see also* Equipment; Distribution system
safe design of, 1438, 1442
- Purification; *see* Treatment; Disinfection; Chlorination

Q

- Quality; analysis of, in goitrous village near Hamburg, Ger., 892
coliform bacteria concentrations as indexes of, 925
development of a standard for, 3
drinking water; criteria for, 664
factors in, related to good public relations, 663
effect of atmospheric contaminants on, 1024
effect of filtration rate changes on, 869
enhancement of, through biologic treatment, 926
monitoring system for, in reservoirs, 1213
relation of, to simple goiter, 887
- Quality (*contd.*); USGS networks for; purpose and operation of, 1019
- Queensland, Australia; Brisbane River system; characteristics of supply and treatment in, 1073
public water supplies of, 1044

R

- Radioactive aqueous effluent; decontamination of, by the calcium-ferric phosphate process, 581
- Radioactivity; dangers of, in nuclear attack, 1241
removal of, from water supplies exposed to nuclear attack, 1241, 1249
US Government standards for, in water, 668
- Radioisotopes; Carbon-14; as tracer in carbon filter study, 1039
use of, in waste treatment, 195
use of, in water treatment and distribution, 193
reduction of reactor effluent concentrations of, by high coagulant feed at Hanford Atomic Products Operation, Richland, Wash., 355
research in uses of, 197
sources and removal of contamination of water by, 852
- Rates; avoidance of undue discrimination in, 332
base year for study of, 327
demand; considerations in adoption of, 20, 333
depreciation expense in determination of, 327
considerations in design of, 325
construction lag as a factor in determination of, 1276
factors in determination of, 1275
fire protection as a factor in determination of, 1276
main extension financing methods in determination of, 327
need for increases in, 11
normalization of, to reflect weather conditions, 687
relation of, to system adequacy, 665
zone; applicability of, 334
- Recharge; *see also* Ground water
ground water; design and operation of basins for, 697
proposals for legislative use of, 706
research in, 706

- Recharge (*contd.*); survey of extent of and current practices in, in United States, 705
- Referendums; bond issue; in San Francisco, Calif., supply planning program, 1103
- Reflections of light in water, *December cover*
- Refractories; *see* Organic compounds
- Regional water supply; *see* Development; District; Water resources
- Regulation; *see* Legislation
- Repair; *see* Maintenance
- Research; water; growth of literature in, 37
Public Health Service reference retrieval system on, 1477
- Reservoirs; *see also* Evaporation control; Storage
in Missouri Basin development program, 1098
limnology of; air injection for control of, in San Diego County, Calif., 267
multipurpose; in supply planning, 263
open; alum treatment of, at Los Angeles, Calif., 275
protection of, against fuel oil contamination, at Wanaque, N.J., 257
recreational use of; for fishing, 803
in San Diego, Calif., 1115
steel plate liners for, 491
underground, to counteract fluctuations in chemical composition of raw water, 923
water quality monitoring system in, 121
- Resins; ion-exchange; chemical structure and reactions of, in water treatment, 742
- Resources; *see* Water resources
- Revenues; *see also* Billing; Financing; Rates
normalization of, to reflect weather conditions, 687
- Resources; *see also* Water resources
mineral and petroleum; statistics on use of, compared to ground water use, 62
- Rhine River; study of pollution in, 917
- Rubber; microbiologic degradation of, 1523
- Runoff; global; estimates of, 1024
urban; liability for damage caused by, 1155
- S**
- Safety; accidents; cost of, to water utilities, 1464
American Water Works Association program for, 1397
bibliography of JOURNAL articles on, 1950-62, 1476
- Safety (*contd.*); data on use of all types of fire extinguishers, 1446
design and operation criteria for, in water utilities, 1433
design and use of electrical equipment for, 1438, 1442
educational program of California section of American Water Works Association in, 1403
fire protection; literature on, issued by National Board of Fire Underwriters, 1449
highway construction; water utility program for, 1414
modern orientation in regard to, 1391
protection of personnel and plant against chemicals, 1437, 1442
record of US industry in, including water industry, 1394
water utility protection against fire, 1441
- Safety program; automotive; water utility, at Indianapolis, Ind., 1407
description of, at Duheral Water System, Sayreville, N.J., 1455
description of, at Lansing, Mich., 1439
experience with, in East Bay Municipal Utility District, Oakland, Calif., 1463
feasibility of, in small water utilities, 1463, 1470
importance of personnel relations in, 1464, 1471
inauguration of, in Phoenix, Ariz., 1458
procedures for initiation of, 1469
role of tailgate meetings in, 1450, 1472
setup of, at Long Beach, Calif., 1467
type of, Los Angeles, Calif., 1450
- St. Louis County Water Co., St. Louis, Mo.; meter maintenance and replacement program at, 1291
operation of submerged filters at, 1165
use of telemetering at, 1324
- St. Paul, Minn.; field performance and design assumptions for large-diameter steel pipe at, 303
- Salaries; *see* Personnel relations
- Saline-water conversion; determination of costs of, 219
developments in, 565
economics of, 569
Office of Saline Water demonstration plant program for, 565
review of status of, 822

- Salmonella* organisms; occurrence of, in untreated farm pond water, 592
- Salmonella paratyphi*; concentrations of, in various types of water, 919
- Sampling; automatic; advances in, in Delaware River Estuary, 405
- San Antonio, Tex.; control of construction standards in districts adjacent to, 982
- main extension policies in, 979
- telemetering at water utility of, 1327
- San Diego, Calif.; recreational use of reservoirs at, 1115

Binding the Year's Journals

Arrangements have been made by AWWA for members and subscribers to have their JOURNALS bound into distinctively designed volumes, with the JOURNAL masthead, AWWA seal, volume number, and year stamped in gold on the spine.

The price for such a binding, using the best grade of indigo blue washable buckram, and with your name imprinted on the front cover, is \$5.35. (This price is for binding into one volume the text sections of the twelve issues, January through December, including the table of contents and text indexes for the year—from the December issue—but omitting the advertising sections and paper covers.)

Ship your journals parcel post, together with full remittance (check or money order) and address to which bound volume should be sent, to:

Publishers' Authorized Bindery Service, Inc.
430 W. Erie St.
Chicago 10, Ill.

Before you ship, check for missing issues and check each issue for defects, missing pages, etc. Pack carefully so that nothing is crumpled or torn. The bindery will forward the bound volume within 30 days of receipt and will ship prepaid anywhere in the United States.

A microfilm addition of the JOURNAL is available to regular subscribers from University Microfilms, 313 N. First St., Ann Arbor, Mich. The cost of the microfilm edition of the 1961 volume was \$9.35.

Journal

Table of Contents

January

Looking to AWWA's Future.....	WILLIAM D. HURST	1
What Is Good Water Service and How Should It Be Paid For?— <i>Panel Discussion</i>		
ABEL WOLMAN, HENRY J. GRAESER, EDWARD R. HEALY, JOHN W. MCFARLAND & ELLSWORTH L. FILBY		4
Automated Billing for a Small Utility.....	WARREN A. MCCLURE	27
Television Inspection of a Gravel Pack Well.....	ZENNO A. GORDER	31
Reprints Available.....		34
1960 USPHS Summary of Municipal Water Facilities in Communities of 25,000 or More.....	KENNETH H. JENKINS & HENRY W. OWEN	35
Model Voluntary Certification Program for Water Works Operators		
	COMMITTEE REPORT	42
Optimum Economical Design for Municipal Diatomite Filter Plants		
E. ROBERT BAUMANN & ROBERT L. LAFREZ		48
Economics of Ground Water Utilization.....	LOUIS KOENIG	59
Comparison of Flow Formulas and Friction Factors for Concrete Pressure Pipe		
HAROLD V. SWANSON & MASON D. REED		67
Comparison and Evaluation of the Design Criteria for Pipe of Various Materials— <i>Joint Discussion</i>		81
Introduction.....	EDWIN B. COBB	81
Cast-Iron Pipe.....	EDWIN B. COBB, J. THOMPSON VANN & HERBERT W. STUART	82
Asbestos-Cement Pipe.....	ROY H. RITTER & J. R. CRAN	92
Concrete Pressure Pipe.....	ERNEST W. WHITLOCK & HOWARD F. PECKWORTH	97
Steel Pipe.....	H. ARTHUR PRICE, DONALD P. PROUDFIT & RUSSELL C. BEAN	101
Discussion.....	J. MORAN ROBERTS, F. E. DOLSON, CHARLES H. CAPEN, WILLIAM B. CROW, S. LOGAN KERR & HUGH F. KENNISON	109
Biases of Coliform Estimates and the Influence of Sodium Thiosulfate on Coliform Survival in Lake Water.....	RALPH E. NOBLE	115

February

Employee Benefits Paid by Water Utilities in the United States and Canada, 1960		
	COMMITTEE REPORT	125
Survey of Methods for Evaporation Control.....	TASK GROUP REPORT	157
Reprints Available.....		168
Studies on Actinomycetes and Their Odors		
ANTONIO H. ROMANO & ROBERT S. SAFFERMAN		169
Lime-Soda Sludge Recirculation Experiments at Vandenberg Air Force Base		
CHARLES H. LAWRENCE		177
Radioisotope Uses in the Treatment and Distribution of Water Supplies		
HERBERT W. FEELY, ALAN WALTON & CHARLES R. BARNETT		193
Presterilized Liquid-Liquid Transfer Loops in Water Bacteriology..	JOSEPH J. CONNORS	200
Spectrochemical Method for Silver.....	GEORGE A. UMAN	205
The Determination of Traces of Polyacrylamides in Water		
WARREN B. CRUMMETT & RICHARD A. HUMMEL		209
<i>Notes and Comment:</i>		
Optimum Energy Technique.....	ROLF ELIASSEN	219
Selenium Methods Adopted by Joint Editorial Board.....		221
Design and Installation of Steel Water Pipe		
Chapter 19—Supplementary Design Data and Details.....		223

March

Water Supply Protection Against Environmental Hazards— <i>Joint Discussion</i>	
Fuel Oil Contamination.....	DEAN C. NOLL & THEODORE T. ROBERTO 257
Ice Accumulation at Intakes.....	LEWIS W. KLOCKNER JR. 260
The Place of Multipurpose Reservoirs in Water Supply Planning	
	ROBERT W. HAYWOOD JR. 263
Air Injection for Control of Reservoir Limnology.....	MAURICE E. FORD JR. 267
Emergency Alum Treatment of Open Reservoirs.....	WILLIAM R. REE 275
Mechanisms of Manganese Solution in Lake Waters	
	ROBERT S. INGOLS & ROBERT D. WILROY 282
Ground Water Development in New Haven.....	JOSEPH A. NOVARO 291
Storage Tank Location.....	GEORGE M. HASKEW JR. 296
Performance of Large-Diameter Steel Pipe at St. Paul.....	DONALD P. PROUDFIT 303
Special Considerations in Design of Water Rates.....	JOHN C. LUTHIN 325
Noncontributory Retirement Plan for Employees of Publicly and Privately Owned Utilities.....	
	CLAUD R. ERICKSON 336
Reducing Radioisotope Concentrations in Reactor Effluent by High Coagulant Feed	
	WYATT B. SILKER 355
Components of Household Synthetic Detergents in Water and Sewage	
	ORSANCO DETERGENT SUBCOMMITTEE 369
<i>Notes and Comment:</i>	
Questions and Answers on Synthetic Detergents.....	E. BRUCE MEIER 403
